1.4.1 RISK APPETITE

The Risk Appetite Statement 2023 sets the guidance and boundaries for the activities conducted by SBM Offshore in

pursuit of its strategic objectives, aligned with its material topics. It provides guidelines in terms of the amount of risk that SBM Offshore is willing to accept in protection or pursuit of value. In line with the Dutch Corporate Governance Code, the Management Board reviews the Risk Appetite Statement annually to ensure that SBM Offshore maintains the balance between risk and opportunity while creating value for its stakeholders. Each Risk Appetite Statement has underlying metrics which are measured on a quarterly basis and results are presented to the Audit Committee.
